committed to Christ & making him known**

What is Love?

Love reflects the Christian understanding that God is love, and loved the world so much that He came in the person of Jesus to share our experience of being human.

Love can mean many different things in our culture. We say we love our spouse, but we also say we love our favourite TV show.

Love is generally seen as affection for someone or something. But what if love is more than that? What if love is about sacrificial giving without expecting anything in return?

It is sometimes said that love is a verb (a doing word or action), not a noun.
